Identification: Each product shall be permanently and legibly marked by means of a permanent plate(s) or label(s) affixed in a readily accessible location to the system. This information shall include the model number, name and address of manufacturer, functional description of the system, maximum working pressure in kPa (psig), maximum operating temperature in degrees C (degrees F), and a statement noting that the system conforms to NSF/ANSI 42 for the specific performance claims as verified and substantiated by test data. Where applicable and appropriate, the information shall also include the model number of replacement components, electrical requirements, and a statement (or its equivalence) for activated carbon systems: "Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system."

Product shall also bear the UPC® certification mark.

  
Chairman, Product Certification Committee

  
CEO, The IAPMO Group

This listing period is based upon the last date of the month indicated on the Effective Date and Void After Date shown above. Any change in material, manufacturing process, marking or design without having first obtained the approval of the Product Certification Committee, or any evidence of non-compliance with applicable codes and standards or of inferior workmanship, may be deemed sufficient cause for revocation of this listing. Production of or reference to this form for advertising purposes may be made only by specific written permission of IAPMO Research and Testing, Inc. Any alteration of this certificate could be grounds for revocation of the listing. This document shall be reproduced in its entirety.
